

# MATERIAL SAFETY DATA SHEET

## FUJIAN KUNCAI MATERIAL TECHNOLOGY CO., LTD.

Revision date: 2021/01/05

version:1.0

Section 1. Identification of the substance/mixture and of the company

1.1Product Name : Crystal Sliver White Series KC8700

Further information obtainable from : Fujian Kuncai Material Technology Co., LTD.

Address : Haicheng road, Yuanhong invest zone, Fuqing (Fuzhou), Fujian, China. 350314

*Hotline:*400-0588-868

*Tel:* +86-591-85588193

*Fax:*+86-591-85572333

Web site:www.fjkuncai.com

E-mail:fzkc@fjkuncai.com

Use: Colorants for industrial use

#### Section 2. Hazards Identification

#### 2.1 Classification of the substance or mixture:

#### • Hazard description: Not Applicable

#### • Information concerning particular hazards for human and environment:

The product is not classified as dangerous according toRegulation(EC)No.1272/2008 Classification system:

The classification is according to the latest edition of the Regulation(EC)No.1272/2008, and extended by company and literature data.

# 2.2 Label elements:

#### Supplemental label information

EUH212: Warning! Hazardous respirable dust may be formed when used. Do not breathe dust.

EUH210: Safety data sheet available on request.

2.3 Other hazards: Not available Potential health effects

i olenitat netatin effectis

## Primary routes of exposure:

Routes of entry for solids and liquids include eye and skin contact, ingestion and inhalation. Routes of entry for gases include inhalation and eye contact. Skin contact may be a route of entry for liquefied gases.

#### Irritation / corrosion:

Inhalation of dust may cause respiratory tract irritation, coughing and breathing difficulties. Contact with the eyes or skin may cause mechanical irritation.

#### Chronic toxicity:

#### Potential environmental effects

#### Aquatic toxicity:

At the present state of knowledge, no negative ecological effects are expected. The inhibition of the degradation activity of activated sludge is not anticipated when introduced to biological treatment plants in appropriate low concentrations. The product has not been tested. The statement has been derived from the properties of the individual components.

Chemical Name	%(w/w)	CAS No.	CI No.
Synthetic Fluorphlogopite	87-91	12003-38-2	
Titanium Oxide(TiO2)	9-13	13463-67-7	77891

- 7.1 Precautions for safe handling: Avoid dust formation. Closed containers should only be opened in well-ventilated areas.
- Information about fire-and explosion protection: No special measures required.
- 7.2 Conditions for safe storage, including any incompatibilities:
  - Requirements to be met by storerooms and receptacles: No special requirements
  - Information about storage in one common storage facility: Not required.

Further information about storage conditions: None.

*Incompatibilities:* Not available

7.3 Specific end use(s): Not available

#### Section 8. Exposure Controls Personal Protection

#### 8.1 Exposure controls:

#### Personal protective equipment:

Wear a NIOSH-certified (or equivalent) organic vapour/particulate respirator. Observe OSHA regulations for respirator use (29 CFR 1910.134).

#### Eye protection:

Safety glasses with side-shields.

#### Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/the substance/the preparation.

Due to missing tests no recommendation to the glove material can be give for the product/the preparation/the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

#### Material of gloves:

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to be manufacturer. As the product is a preparation of several substances, the resistance of the

glove material can not be calculated in advance and has therefore to be checked prior to the application.

#### Penetration time of glove material:

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

#### General safety and hygiene measures:

Handle in accordance with good industrial hygiene and safety practice. Due to the colouring properties of the product closed work clothes should be used, to avoid stains during manipulation. Hands and/or face should be washed before breaks and at the end of the shift. Wash soiled clothing immediately.

#### Primary irritant effect

On the skin: No irritant effect

**On the eye:** No irritating effect

Sensitization: No sensitizing effects known

#### Additional toxicological information:

The products is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version.

When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

#### Toxicokinetics, metabolism and distribution: Not available

Acute effects(acute toxicity, irritation and corrosivity) :

Quantitative data on the toxicity of this product is not available. Product does not contain any deleterious matter.

Repeated does toxicity: Prolonged or repeated exposure to dust may cause pulmonary problems.

#### CMR effects (carcinogenity, mutagencity and toxicity for reproduction):

The results of animal experiments using pearl luster pigment of this type indicate no toxicological relevant properties. Since the substance is poorly absorbed, no systemic effects are to be anticipated.

Inhalation of dusts should be avoided as even inert dusts may impair respiratory organ functions. No evidence of carcinogenic properties. No evidence of mutagenic or teratogenic effects.

Section 9. Physical and Chemical Properties

9.1 Information on basic	1.1 Information on basic physical and chemical Properties:		
Form	Powder		
Odor	odorless		
Color A white cold	or, free flowing powder with a glitter luster.		
Particle size:	(40-160)µm		
Explosion limits			
Lower	Not available		
Upper	Not available		
Oxidizing properties	Not available		
Viscosity			
Dynamic	Not available		
pH-value	6.0-11.0(10% aqueous suspension)		
<b>Boiling</b> /Condensation	Not available		
Point			
Melting /Freezing Point	Not available		
Specific Gravity	<i>Approx.</i> 2.8~3.4 g / cm <sup>3</sup> (water=1)		
Ignition temperature	Not available		
Self-igniting	Products is not self-igniting		
Danger of explosion	Product does not present an explosion hazard		
Solubility	Insoluble in water		
Electric conduction	Non-conduction		
Impurity	<0.5%		
Chemical stability	Acid and alkali resistance under the normal temperatures.		
Section 10.Stability and	nd Reactivity		
10.1 Reactivity: No decom	position if used according to specifications		
10.2 Chemical stability:	Acid and alkali resistance under the normal temperatures		

10.3 Possibility of hazardous reactions: Not available

10.4 Conditions to avoid: Not available

**10.5 Incompatible materials:** Not available

Materials t be avoided: Not available

Dangerous reactions: No dangerous reactions known

#### **10.6 Hazardous decomposition products:** Not available Hazardous reactions: No hazardous reactions when stored and handled according to instructions.

The product is chemically stable. Hazardous polymerization will not occur. Decomposition products: Hazardous decomposition products: No hazardous decomposition products if stored and handled as prescribed/indicated. Thermal decomposition: No data available. Corrosion to metals: No corrosive effect on metal. Section 11.Toxicological Information

#### Information on toxicological effects:

Acute toxicity **Oral:** Type of value: LD50 Species: rat **Value:** > 2,000 mg/kg The product has not been tested. The statement has been derived from the properties of the individual components. Irritation / corrosion **Skin:** May cause mechanical irritation. **Eye:** May cause mechanical irritation. **Section 12. Ecological Information** 

12.1 Toxicity:

No ecological problems are to be expected when this product is handled and used with due care and attention.

12.2 Persistence and degradability: Not available

**12.3Bioaccumulative potential:** Not available

12.4 Mobility in soil: Not available

12.5 Results of PBT and vPVB assessment: Not available

12.6 Other adverse effects: Not available

Additional ecological information:

#### General notes:

Water hazard class 1(German Regulation)(Self-assessment):slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system. Fish

Acute: Fish/LC50 (96 h): not determined Chronic: No data available. Aquatic invertebrates Acute: daphnia/LC50 (48 h): not determined Chronic: No data available. Aquatic plants Toxicity to aquatic plants: algae/EC50 (72 h): not determined **Microorganisms** Toxicity to microorganisms: *bacteria*/*EC50* (0.5 *h*): not determined Degradability / Persistence Biological / Abiological Degradation Evaluation:

Not readily biodegradable (by OECD criteria). The colourant is insoluble in water and can thus be separated from water mechanically in suitable effluent treatment plant

	Chemical known to cause	developmental toxicity:

Cancerogenity categories

#### **EPA(Environmental Protection Agency)**

None of the ingredients is listed.

#### NTP(National toxicology Program)

None of the ingredients is listed.

#### **OSHA-Ca(Occupational Safety& Health Administration)**

None of the ingredients is listed.

#### labelling according to EU guidelines:

Observe the general safety regulations when handling chemicals.

The product has not been classified and marked in accordance with EU Directives/respective national laws.

The product is not subject to identification regulations under EU Directives and the Ordinance on Hazardous Materials

The product has not classified as dangerous according to Regulation (EC) No.1272/2008.

National regulations

Candidate List of Substance of very high concern(SVHC) according ECHA (18/06/2010)

None of the ingredients is listed

REACH Regulation Annex XVII Restrictions List : None of the ingredients is listed

REACH Regulation Annex XVII Authorization Recommendation List: None of the ingredients is listed

#### Section 16. Other Information

The contents and format of this MSDS are in according with REGULATION (EC) No.1272/2008.

#### DISCLAIMER OF LIABILITY:

The information in this MSDS was obtained from sources which we believe are reliable. However,, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or method of handling ,storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in anyway connected with the handling, storage, use or disposal of the product. If the product is used as a component in another product, this MSDS/SDS information may no the applicable.

Abbreviations and acronyms:

ADR: Accord enropeen sur le transport des merchandises dangerous par Route(European Agreement concerning the international Transport of Dangerous Goods by Rail).

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association

IATA-DGR: Dangerous Goods Regulations by the : "International Air Association" (IATA)

ICAO: International Civil Aviation Organization

ICAO-TI: Technical Instructions by the "international Civil Aviation Organization" (ICAO)

0

GHS: Globally Harmonized System of Classification and Labeling of Chemicals.

ACGIH: American Conference of Governmental Industrial Hygienists.

Flammability:

LC50: Lethal concentration, 50 percent

LD50:Lethal dose,50 percent

HMIS III rating

Health: 1

Physical hazard:

0

HMIS use a numbering scale ranging from 0 to 4 to indicate the degree of hazard. A value of zero means that the substance possesses essentially no hazard; a rating of four indicates extreme danger. Although similar, the two rating systems are intended for different purposes, and use different criteria. The HMIS system was designed to communicate workplace hazard information to employees who handle hazardous chemicals.
