

MATERIAL SAFETY DATA SHEET

FUJIAN KUNCAI MATERIAL TECHNOLOGY CO., LTD.

Revision date: 2021/01/05

version:1.0

Section 1. Identification of the substance/mixture and of the company

1.1Product Name: Crystal Mica Iron Metal Luster Series KC8850

Further information obtainable from : Fujian Kuncai Material Technology Co., LTD.

Address : Haicheng road, Yuanhong invest zone, Fuqing (Fuzhou), Fujian, China. 350314

*Hotline:*400-0588-868

Tel: +86-591-85588193

Fax:+86-591-85572333

Web site:www.fjkuncai.com

E-mail:fzkc@fjkuncai.com

Use: Colorants for industrial use

Section 2. Hazards Identification

2.1 Classification of the substance or mixture:

• Hazard description: Not Applicable

• Information concerning particular hazards for human and environment:

The product is not classified as dangerous according toRegulation(EC)No.1272/2008 Classification system:

The classification is according to the latest edition of the Regulation(EC)No.1272/2008, and extended by company d literature data

and literature data.

2.2 Label elements:

Supplemental label information

EUH212: Warning! Hazardous respirable dust may be formed when used. Do not breathe dust.

EUH210: Safety data sheet available on request.

2.3 Other hazards: Not available Potential health effects

i otentitai neutitn effectis

Primary routes of exposure:

Routes of entry for solids and liquids include eye and skin contact, ingestion and inhalation. Routes of entry for gases include inhalation and eye contact. Skin contact may be a route of entry for liquefied gases.

Irritation / corrosion:

Inhalation of dust may cause respiratory tract irritation, coughing and breathing difficulties. Contact with the eyes or skin may cause mechanical irritation.

Chronic toxicity:

Potential environmental effects

Aquatic toxicity:

At the present state of knowledge, no negative ecological effects are expected. The inhibition of the degradation activity of activated sludge is not anticipated when introduced to biological treatment plants in appropriate low concentrations. The product has not been tested. The statement has been derived from the properties of the individual components.

| Chemical Name | %(w/w) | CAS No. | CI No. |
|--|---|--|--|
| Synthetic Fluorphlogopite | 68-72 | 12003-38-2 | |
| (ron(III) Oxide(Fe2O3) | 22-27 | 1309-37-1 | 77491 |
| Section 4. First aid M | easures | | |
| 4.1 Description of first ai General advice: Remove contaminated cl | | | |
| If inhaled: Move person to j If difficulties occur after | | tor in event of any complaints. I, remove to fresh air and seek | medical attention. |
| | | persists, seek medical attentio tion develops, seek medical att | |
| | | | persists, seek medical attention. held open. If irritation develops, |
| Rinse mouth and then dri | ink plenty of water. Do | | d under normal use conditions. Iduce vomiting or give anything by tion if necessary. |
| Information for doctor: | | | |
| The following symptoms may a | occur: Not available | | |
| Hazards : Not available | | | |
| Treatment : Not available | | | |
| 4.2 Most important symp | toms and effects, b | oth acute and delayed: No | ot available |
| 4.3 Indication of any imn | nediate medical att | tention and special treatm | ent needed: Not available |
| Section 5. Fire Fightin | ng Measures | | |
| 5.1Extinguishing media: | Not available | | |
| Suitable extinguishin | ng agents: | | |
| CO2, powder or water sp | oray. Fight larger fires | s with water spray or alcohol r | esistant foam. |
| 5.2Special hazards arisin | g from the substar | nce or mixture: Not availab | le |
| Protective equipment | : No special measu | res required. | |
| 5.3Advice for firefighters | Not available | | |
| Section 6.Accidental I | Release Measure | 25 | |
| 6.1 Personal Precautions | , protective equipn | nent and emergency proce | edures: |
| Wear appropriate respira | tory protection. Use p | personal protective clothing. Er | nsure adequate ventilation. |
| 6.2 Environmental preca | utions: Do not allo | ow to enter sewers/surface | or ground water. |
| 6.3 Methods and materia For small amounts: Pick For large amounts: Pick | l for containment cup with suitable appl up with suitable appl | and cleaning up: liance and dispose of. | C |
| 6.4 Reference to other set | | | |
| Section 7.Handling ar | | | |
| General advice: Breathing must be protect with the skin, eyes and c | | ities are decanted without loca | l exhaust ventilation. Avoid contact |

- 7.1 Precautions for safe handling: Avoid dust formation. Closed containers should only be opened in well-ventilated areas.
- Information about fire-and explosion protection: No special measures required.
- 7.2 Conditions for safe storage, including any incompatibilities:
 - Requirements to be met by storerooms and receptacles: No special requirements
 - Information about storage in one common storage facility: Not required.

Further information about storage conditions: None.

Incompatibilities: Not available

7.3 Specific end use(s): Not available

Section 8. Exposure Controls Personal Protection

8.1 Exposure controls:

Personal protective equipment:

Wear a NIOSH-certified (or equivalent) organic vapour/particulate respirator. Observe OSHA regulations for respirator use (29 CFR 1910.134).

Eye protection:

Safety glasses with side-shields.

Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/the substance/the preparation.

Due to missing tests no recommendation to the glove material can be give for the product/the preparation/the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

Material of gloves:

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to be manufacturer. As the product is a preparation of several substances, the resistance of the

glove material can not be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material:

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

General safety and hygiene measures:

Handle in accordance with good industrial hygiene and safety practice. Due to the colouring properties of the product closed work clothes should be used, to avoid stains during manipulation. Hands and/or face should be washed before breaks and at the end of the shift. Wash soiled clothing immediately.

Primary irritant effect

On the skin: No irritant effect

On the eye: No irritating effect

Sensitization: No sensitizing effects known

Additional toxicological information:

The products is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version.

When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

Toxicokinetics, metabolism and distribution: Not available

Acute effects(acute toxicity, irritation and corrosivity) :

Quantitative data on the toxicity of this product is not available. Product does not contain any deleterious matter.

Repeated does toxicity: Prolonged or repeated exposure to dust may cause pulmonary problems.

CMR effects (carcinogenity, mutagencity and toxicity for reproduction):

The results of animal experiments using pearl luster pigment of this type indicate no toxicological relevant properties. Since the substance is poorly absorbed, no systemic effects are to be anticipated.

Inhalation of dusts should be avoided as even inert dusts may impair respiratory organ functions. No evidence of carcinogenic properties. No evidence of mutagenic or teratogenic effects.

Section 9. Physical and Chemical Properties

| Section 9. Physical and | i Chemicai Froperaes |
|---|---|
| 9.1 Information on basic | physical and chemical Properties: |
| Form | Powder |
| Odor | odorless |
| Color A bronze c | olor, free flowing powder with a special flash metal luster. |
| Particle size: | $(50-250)\mu m$ |
| Explosion limits | |
| Lower | Not available |
| Upper | Not available |
| Oxidizing properties | Not available |
| Viscosity | |
| Dynamic | Not available |
| pH-value | 4.0-7.0(10% aqueous suspension) |
| Boiling /Condensation | Not available |
| Point | |
| Melting /Freezing Point | Not available |
| Specific Gravity | <i>Approx.</i> 2.8~3.4 g / cm^3 (water=1) |
| Ignition temperature | Not available |
| Self-igniting | Products is not self-igniting |
| Danger of explosion | Product does not present an explosion hazard |
| Solubility | Insoluble in water |
| Electric conduction | Non-conduction |
| Impurity | <0.5% |
| Chemical stability | Acid and alkali resistance under the normal temperatures. |
| Section 10.Stability an | ad Reactivity |
| 10.1 Reactivity: No decomp | position if used according to specifications |
| 10.2 Chemical stability: A | cid and alkali resistance under the normal temperatures |
| 10.3 Possibility of hazard | ous reactions: Not available |
| 10.4 Conditions to avoid: | Not available |
| 10.5 Incompatible materi | als: Not available |
| Materials t be avoide | ed: Not available |
| Dangerous reactions | s: No dangerous reactions known |
| - | sition products: Not available |
| Hazardous reactions: No hazardous reactions w The product is chemicall Hazardous polymerizatio | when stored and handled according to instructions. y stable. |

Decomposition products: Hazardous decomposition products: No hazardous decomposition products if stored and handled as prescribed/indicated. Thermal decomposition: No data available. Corrosion to metals: No corrosive effect on metal. Section 11.Toxicological Information

Information on toxicological effects:

Acute toxicity Oral: Type of value: LD50 Species: rat Value: > 2,000 mg/kg The product has not been tested. The statement has been derived from the properties of the individual components. Irritation / corrosion Skin: May cause mechanical irritation. Eye:

Section 12. Ecological Information

12.1 Toxicity:

No ecological problems are to be expected when this product is handled and used with due care and attention.

12.2 Persistence and degradability: Not available

12.3Bioaccumulative potential: Not available

12.4 Mobility in soil: Not available

12.5 Results of PBT and vPVB assessment: Not available

12.6 Other adverse effects: Not available

Additional ecological information:

General notes:

Water hazard class 1(German Regulation)(Self-assessment):slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system. Fish

Acute: Fish/LC50 (96 h): not determined Chronic: No data available. Aquatic invertebrates Acute: daphnia/LC50 (48 h): not determined Chronic: No data available. Aquatic plants Toxicity to aquatic plants: algae/EC50 (72 h): not determined **Microorganisms** Toxicity to microorganisms: *bacteria*/*EC50* (0.5 *h*): not determined Degradability / Persistence Biological / Abiological Degradation Evaluation:

Not readily biodegradable (by OECD criteria). The colourant is insoluble in water and can thus be separated from water mechanically in suitable effluent treatment plant

Cancerogenity categories

EPA(Environmental Protection Agency)

None of the ingredients is listed.

NTP(National toxicology Program)

None of the ingredients is listed.

OSHA-Ca(Occupational Safety& Health Administration)

None of the ingredients is listed.

labelling according to EU guidelines:

Observe the general safety regulations when handling chemicals.

The product has not been classified and marked in accordance with EU Directives/respective national laws.

The product is not subject to identification regulations under EU Directives and the Ordinance on Hazardous Materials

The product has not classified as dangerous according to Regulation (EC) No.1272/2008.

National regulations

Candidate List of Substance of very high concern(SVHC) according ECHA (18/06/2010)

None of the ingredients is listed

REACH Regulation Annex XVII Restrictions List : None of the ingredients is listed

REACH Regulation Annex XVII Authorization Recommendation List: None of the ingredients is listed

Section 16. Other Information

The contents and format of this MSDS are in according with REGULATION (EC) No.1272/2008.

DISCLAIMER OF LIABILITY:

The information in this MSDS was obtained from sources which we believe are reliable. However,, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or method of handling ,storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in anyway connected with the handling, storage, use or disposal of the product. If the product is used as a component in another product, this MSDS/SDS information may no the applicable.

Abbreviations and acronyms:

ADR: Accord enropeen sur le transport des merchandises dangerous par Route(European Agreement concerning the international Transport of Dangerous Goods by Rail).

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association

IATA-DGR: Dangerous Goods Regulations by the : "International Air Association" (IATA)

ICAO: International Civil Aviation Organization

ICAO-TI: Technical Instructions by the "international Civil Aviation Organization" (ICAO)

0

GHS: Globally Harmonized System of Classification and Labeling of Chemicals.

ACGIH: American Conference of Governmental Industrial Hygienists.

Flammability:

LC50: Lethal concentration, 50 percent

LD50:Lethal dose,50 percent

HMIS III rating

Health: 1

Physical hazard:

0

HMIS use a numbering scale ranging from 0 to 4 to indicate the degree of hazard. A value of zero means that the substance possesses essentially no hazard; a rating of four indicates extreme danger. Although similar, the two rating systems are intended for different purposes, and use different criteria. The HMIS system was designed to communicate workplace hazard information to employees who handle hazardous chemicals.
